

PrimaKeys LLC

Consulting the Merchants

What can Clover do for you?

A list of core applications. Other apps available on the Clover Marketplace.

Thank you for taking the time out of your day to consult with one of our consultants.

PrimaKeys is a consulting business helping small to medium size merchants from various industries from retail to manufacturing to restaurants.

All our consultants are well trained and certified. You can review their profiles on our website...

Our consultants will do the installation and programming so you can focus more on your business while we do the technical work. In-fact they will do the installation of all products and services including website design and electronic payment solutions (terminals, display point of sale systems, kitchen printers). They will also drop cable to run equipment to other parts of your manufacturing/retail/restaurant business.

Our consultants are surrounded by motivated staff employees to get any job done in least amount of time.

- QuickBooks Integration

The average business spends **84** hours a year on payroll related tasks - instead of managing your business. That's over 2 work weeks that you're pulled away from managing your business.

The average fine for an incorrect filing is **\$850**, but mistakes on payroll don't get found until the government reviews and audits reports months later – and that can yield two sets of fines.

- We pay your employees
- We pay your state and federal taxes
- We file your state and federal taxes
- All on-time and with guaranteed accuracy
